

## Media Clic BIO Ecolutions<sup>®</sup> ballpen

BIC<sup>®</sup> Media Clic BIO Ecolutions<sup>®</sup> barrel is made with patented **bio-based (70%) and biodegradable (100%)**. Material origination primarily from non-Genetically Modified Organisms (no GMO) sugar cane or corn certified OK Compost.

The calculation of the percentage of bio-based or biodegradable materials of our products **complies with ISO 14021 and EN 16935** standards for environmental claims and communications.

We have a process with our suppliers to ensure the traceability of all raw materials and guarantee their origins, especially regarding bio-based and biodegradable materials used in our BIC<sup>®</sup> Ecolutions<sup>®</sup> range.

Comply with the following European product safety regulations:

- REACH regulation (EC) n°1907/2006 and its amendments.
- European Directive 2001/95/EC and its amendments on general product safety.
- European Regulation (EC) n°1272/2008 and its amendments, relative to the classification, labelling and packaging of substances and mixtures (for inks).
- International standard ISO 11540 and British standard BS 7272-1:2008 on writing and marking instruments caps.
- British standard BS 7272-2:2008 + A1: 2014 on writing and marking instruments end closures.

## PRODUCT LIFE CYCLE
