

Media Clic BIO Ecolutions® ballpen

BIC® Media Clic BIO Ecolutions® barrel is made with patented **bio-based (70%) and biodegradable (100%) material** originated primarily from non-Genetically Modified Organisms (no GMO) sugar cane or corn.

The calculation of the percentage of bio-based or biodegradable materials of our products **complies with ISO 14021 and EN 16935** standards for environmental claims and communications.

We have a process with our suppliers to ensure the traceability of all raw materials and guarantee their origins, especially regarding bio-based and biodegradable materials used in our BIC® Ecolutions® range.
