

# **BiC** Media Clic Ecolutions® ballpen

BIC® Media Clic Ecolutions® ballpen contains 92% of recycled material. The percentage of the recycled material is calculated on the total weight of the barrel. For further information, the barrel is made from the scrap of plastic car parts.

The calculation of the percentage of recycled materials of our products complies with ISO 14021 standard for environmental claims and communications.

We have a process with our suppliers to ensure the traceability of all raw materials and guarantee their origins, especially regarding recycled materials used in our BIC® Ecolutions® range.

## PRODUCT LIFE CYCLE

- Material: made in France
- Cartridge: made in France
- Full product manufactured and printed in Spain
- Shipped in FSC certified carton outer boxes made in Spain
- BIC® Media Clic Ecolutions® ballpen is 100% recyclable thanks to the BIC Group Terracycle®/Ubicuity™ program.
