

# Media Clic Bguard™ BIO Ecolutions® ballpen

BIC® Media Clic Bguard™ BIO Ecolutions® barrel is made with patented **bio-based (70%) and biodegradable (100%) material** originated primarily from non-Genetically Modified Organisms (no GMO) sugar cane or corn.

The calculation of the percentage of bio-based or biodegradable materials of our products **complies with ISO 14021 and EN 16935** standards for environmental claims and communications.

We have a process with our suppliers to ensure the traceability of all raw materials and guarantee their origins, especially regarding bio-based and biodegradable materials used in our BIC® Ecolutions® range.

BIC® Media Clic Bguard™ BIO Ecolutions® - classified as a biocidal product -was designed and manufactured to suppress the growth of bacteria on all its components in contact with the users' hands and additionally to eliminate 99.9% of bacteria on its barrel during the full life of the product.

Use biocide safely. Always read the label and product information before use.

## PRODUCT LIFE CYCLE
